

Egg Worksheet

Label the parts
of the egg

Match the parts of the egg with their description.

- | | |
|------------------|---|
| Shell ● | ● The shock absorber. |
| Albumen ● | ● Provides food for the growing embryo. |
| Yolk ● | ● Will develop into the embryo. |
| Germinal Spot ● | ● Separates and forms the air sac. |
| Air Sac ● | ● Lets yolk rotate, keeps embryo on top. |
| Chalaza ● | ● Tissue paper thin, rests against the shell. |
| Inner Membrane ● | ● Saves water, stores chick's first breath. |
| Outer Membrane ● | ● Gives egg strength and protection. |
